- Guidelines -

In carrying out its responsibility, the Nominating Committee of the Commission on Colleges will comply with the following guidelines:

For Nomination to the Commission

1. The Nominating Committee has ultimate responsibility for developing the slate of nominees for election to the Commission.
2. When developing the slate of nominees, the Committee will take into account the types, levels, governance, and demography of the membership.
3. It is the responsibility of the State Chair (Executive Council member) to poll the membership in his/her state in order to solicit a diverse pool of nominees for election to the Commission.
4. Each State Chair will submit at least two (2), but not more than five (5), names for each Commission vacancy with the understanding that the Nominating Committee has the prerogative of nominating from the proposed names or any additional names.
5. When a Commissioner's first term has expired, a vacancy on the Commission occurs. Although renomination is not automatic, a Commissioner may be renominated for a second term.

For Nomination to the Executive Council

1. The Nominating Committee has sole responsibility for creating the slate of nominees for election to the Executive Council of the Commission.
2. When developing the slate of nominees, the Committee will take into account the total membership and select representatives who reflect the composition of the membership.
3. The Nominating Committee may select for nomination to the Executive Council those Commissioners currently serving on the Commission or those newly nominated to the Commission.
